

The E. F. Wallengren Fund for ALS Research was founded in memory of Ernie Wallengren who died in May 2003 of amyotrophic lateral sclerosis – Lou Gehrig’s Disease. A successful TV writer/producer, he put his career aside to coach boys’ basketball in the San Fernando Valley, earning the love and respect of his teams, their parents and the entire community. After his death fellow coaches at Calabasas High School established an annual basketball tournament – the E. F. Wallengren Hoopfest – in his honor. The event attracts gifted amateur players from throughout the west and to date has helped the Fund to raise over \$500,000 dollars for ALS Research.

Donation Form

Please accept my donation below to the 14th Annual E.F. Wallengren Hoopfest at Calabasas High School on Saturday, May 13, 2017:

- _____ A Gift Item: _____ Value: _____
- _____ Professional Services Value: _____
(Please attach a statement of your donation on your letterhead with value)
